

Success and growth also have their drawbacks...

As volume increases, storage space becomes increasingly and worryingly tight.

In 2018, Caamenihu acquired a 5 ha plot in Aru, the territory's capital.

The general assembly therefore decided to build a new warehouse on our own land in Aru.

After tendering, the contract was awarded to IOB, Inter Oriental Builders, an Ariwara-based construction company with extensive experience in various parts of Congo.

In January 2020, earthworks started ...

... and in February 2020 we laid the foundation stone.

The Interior

August 2022 : The Cold Chamber has arrived from India and is installed.

Also the majority of furniture has arrived

The security system with CCTV-cameras is up and working

The laboratories are finished and work has started there

The first water samples tested

FINALLY, mid-September 2022:

the construction is completed, the new building with 12,000 m<sup>3</sup> of storage space, cold chamber, with offices, meeting hall and training rooms and other related services (quality control laboratory, water laboratory, ...) is ready, and we have started to move from Ariwara to Aru.
